BARBARA B. CLARK

L. Martin Sauls, IV Vice Chairman

THEODUS L. DRAYTON
Councilman

D. Thomas Johnson
Councilman

HENRY ETHERIDGE Councilman

December 5, 2014

The Honorable Members of County Council and the Citizens of Jasper County, South Carolina

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted accounting standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Jasper County for the fiscal year ended June 30, 2014.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations management of the County has established a comprehensive internal control framework, that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the costs of internal controls should not outweigh their benefits, Jasper County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Baird & Company CPAS, LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2014 are free of material misstatement. The independent audit involves examining on a test basis, evidence supporting the amounts and disclosures in the financial statement presentation; assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. The independent auditors concluded based upon the audit that there was a reasonable basis for rendering an unqualified opinion that the County's financial statements for the fiscal year ended June 30, 2014 are fairly presented in conformity with GAAP. The independent auditors' reports is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of management's discussion and analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Jasper County's MD&A can be found immediately following the report of the independent auditors.

Phone: (843) 717-3696 Fax: (843) 726-3270

In addition to the fund-by-fund financial information currently presented in the County's financial statements, we are now including government-wide financial statements. The government-wide financial statements include a statement of net assets that provides the total net equity of the County including infrastructure and the statement of activities that shows the cost of providing government services. These statements have been prepared using the full accrual basis of accounting versus the modified accrual method used in the fund financial statements. A reconciliation report is provided as a key to understanding the changes between the two reporting methods. In addition, the new reporting model includes an emphasis on the County's major funds as shown in the governmental fund statements. These new statements combined with other information are further analyzed in a new narrative section called management's discussion and analysis (MD&A). The MD&A provides "financial highlights and interprets the financial reports by analyzing trends and by explaining changes, fluctuations and variances in the financial data." In addition, the MD&A is intended to disclose any known significant events or decisions that affect the financial condition of the County.

#### **Profile of the Government**

The County founded in 1912 is located in the Southeastern part of South Carolina, just north of Savannah, Georgia. The County currently occupies a land area of 662 square miles and serves a population of 26,629. The County is empowered to levy a property tax on both real and personal properties located within its boundaries.

The County operates under the council administrator form of government. Policy-making and legislative authority are vested in a governing council consisting of five members. The governing council is responsible, among other things for passing ordinances, adopting the budget, appointing committees, and hiring both the government's administrator and attorney. The government's administrator is responsible for carrying out policies and ordinances of the governing council, for overseeing the day-to-day operations of the government, and for appointing the heads of various departments. The Council members serve four-year staggered terms, with three council members elected every two years. Four of the council members are elected to single member districts and one member is elected at large.

The County provides a full range of services including: police and fire protection, the maintenance of highways, streets, and other infrastructure, recreational activities, and cultural events, sanitation services, emergency medical services, E-911 and courts service. The County underwent a salary and staffing study that redefined the functional areas of certain department heads. These recommendations were adopted by the County to allow for greater accountability. The financial statements were reorganized to comply with these changes.

The annual budget serves as the foundation for the County's financial planning and control. All departments of Jasper County are required to submit requests for appropriations to the administrator on or before the last day in March each year. The County administrator uses these requests as the starting point for developing a proposed budget. The County administrator then presents this proposed budget to the council for review prior to May 15th. The council is required to hold public hearings on the proposed budget and to adopt a final budget by no later than June 30th, the close of the County's fiscal year. The appropriated budget is prepared by fund and department. Budgetary control (that is the level at which expenditures cannot legally exceed the appropriated amount) is maintained by the administrator at the fund level and may be amended as necessary during the fiscal year. Budget-to-actual comparisons are provided in the report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented on pages 48-50 as part of the required supplementary information for governmental funds.

#### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

#### **Local Economy**

The County's budgeted fiscal year 2015 assessable base is \$116,201,942, up 4.5% from the assessable base of \$111,177,656 in fiscal year 2014. The County's private sector average weekly wage increased 5.0% from \$636 last year to the current \$668. The U.S. Census reports that the median household income for Jasper County is \$36,413.

The 2013 U.S. Census population estimate for Jasper County is 26,629, up 3.0% from last year. A 2006 study completed by Clemson University's Strom Thurmond Institute projected that Jasper County would grow in population to 177,000 residents by 2026. The U.S. Census reports a 7.5% population percentage increase in Jasper County from April 1, 2010 to July 1, 2013. The State of South Carolina experienced a 3.2% population increase statewide during the same period.

Jasper County is located west of Beaufort County and the Towns of Bluffton and Hilton Head Island. There are two municipalities within Jasper County—the Town of Ridgeland, which is the County seat and is located in the center of the County and the City of Hardeeville, which is located in the southern portion of the County. Interstate 95 (I-95) runs north and south through the middle of the County for a distance of 36 miles with seven interchanges. Two primary corridors, US 278 running east/west and SC 170 running north/south, accommodate a majority of the tourist traffic in both Jasper and Beaufort Counties. Most of Jasper County's large-scale residential and commercial growth is occurring along these corridors in multi-use communities with vested densities.

Approximately 30,000 acres of large tract, mixed use development projects have been approved in those areas. Over the past eight years, Jasper County, the City of Hardeeville, and the Town of Ridgeland have authorized approximately 77,000 new dwelling units. Over 4,000 acres of proposed commercial development projects have also been approved.

As a result of the financial and economic problems that negatively impacted the Unites States in 2008, Jasper County experienced a growth slow-down yet continues to grow at roughly 3% each year. The impact of the recession and resulting construction slowdown in Jasper County was hard felt, as many private sector jobs in Jasper County were traditionally construction or service related, supporting growth and tourism in the region.

Jasper County's unemployment rate is currently 5.8%. Jasper County has consistently maintained one of the lowest unemployment rates in the state. The state unemployment rate is 6.7%. The County has long suffered from an underemployment problem rather than an unemployment problem. Jasper County continues to focus on creating sustainable jobs for its residents and diversifying its tax base. For many years, the County has supported a regional approach to economic development and job creation. The idea of developing a regional economic development vision and leveraging regional economic development resources to attract sustainable jobs makes sense for the County.

In June 2012, the County joined the Southern Carolina Economic Development Alliance (SCA). The SCA is a regional economic development organization representing Allendale, Bamberg, Barnwell, Colleton, Hampton and Jasper Counties in the southern part of South Carolina. The SCA was formed as a non-profit economic development organization to aggressively market the Southern Carolina area for industrial locations. The SCA's economic development team consists of site location professionals prepared to quickly assess site location needs and formulate sites and present existing buildings that will meet the client's business needs. Working with the South Carolina Department of Commerce, the SCA prepares incentive packages that are the most competitive offered in the Southeastern Unites States.

The County has evaluated public and private sites within Jasper County that have been proposed for economic development projects. The County and the SCA are currently focused on creating industrial sites and building speculative buildings. Efforts are underway to publicly and privately finance infrastructure improvements/extensions to and within these properties. RiverPort Business Park, a privately owned, 1,400 acre premier logistics center for warehousing, distribution, and light industrial use, is currently being developed in the City of Hardeeville. Efforts are underway to develop a new

speculative building in Point South located at Exit 33 on I-95. A new speculative building will also be constructed in the County-owned Cypress Ridge Business/Industrial Park just west of the interstate and the Town of Ridgeland. Jasper County and the Town of Ridgeland have previously worked toward developing a new industrial park along I-95 between Exits 21 & 22 in Ridgeland known as the Ridgeland Industrial Park. Additionally, Jasper County and the City of Hardeeville have worked together to develop a City-owned industrial park named the Hardeeville Commerce Park located along I-95 at Exit 5.

Since 2007, the States of Georgia and South Carolina have been working together, through a bi-state effort, to develop and operate a new deep-water shipping terminal in Jasper County on approximately 1,500 acres of land located in the southern portion of Jasper County along the Savannah River. This port has been named the Jasper Ocean Terminal (JOT). Georgia and South Carolina jointly purchased the property and established a bi-state, joint project office to oversee the design and development of the new port. All preliminary design and feasibility studies have been completed for the new port. The permitting process through the U.S. Army Corps of Engineers is expected to commence in the fall of 2015. The new port is to be operational in 2026.

The new port will have a tremendous impact on the local economy and presents the potential for substantial financial benefit to Jasper County. It has been estimated that the new port will produce four hundred and fifty direct jobs, as many as ninety-eight thousand new jobs in the region, one million jobs overall, and \$9 billion in new tax revenue for the States of Georgia and South Carolina.

The State of Georgia is also now prepared to further dredge the Savannah River to enable larger ships to use the Garden City Marine Terminal. The Georgia Ports Authority timed the project to enable the state to service larger vessels traveling through the Panama Canal upon its reopening in 2015.

#### Long-term Financial Planning

Jasper County spent much time and effort in years past trying to understand and manage the growth it was experiencing. One of the primary concerns was in assuring that the future cost of providing County services did not exceed the revenues received from the new growth. To that end, the County maintained a growth management strategy that encouraged a vast majority of all of the residential and commercial development to take place within the corporate boundaries of either the City of Hardeeville or the Town of Ridgeland, Virtually all of the new, large-scale growth will undoubtedly now take place within the corporate limits of the County's two municipalities.

With most of the planned residential and commercial development, Jasper County and the municipalities of Hardeeville and Ridgeland were involved in jointly negotiating development agreements with developer fees that offset the initial cost of providing additional government services beyond property tax revenue generated from the development. Fees were assessed to assist the entities with providing school, library, police, fire, and parks and recreation infrastructure. When and if all of the residential and commercial development proceeds as proposed, the County and its municipalities will receive over \$300 million in voluntary developer fees.

The Jasper County Council also supports the development of affordable housing to ensure that affordable housing opportunities remain in Jasper County as the area grows. A housing needs assessment was completed for Jasper County in 2008. Since that time, new affordable rental, single-family home construction, and rehabilitation projects have been completed. The County has provided direct financial support for one particular project, grant funding for another, and also provides an annual budget appropriation to a non-profit organization developing affordable housing in the County. Over the past several years, the County reacted to uncertain financial conditions by cutting its operating budget, reducing its workforce, and controlling expenditures. Last year, the County was able to see the positive results of making those difficult financial management decisions. The County's bond rating with Standard & Poor's increased from A+ to AA- and the County ended the year with expenditures under budget and a substantial increase in fund balance. Again this year, the County experienced positive results. Expenditures are under budget by \$240,261, fund balance has

increased \$1,654,836, combined ending fund balance is \$13,442,628, and the unassigned fund balance for the general fund is \$7,889,634 or 37% of total fund expenditures.

Since 2008, the County has progressed from struggling to provide services with shrinking revenue sources and a depleted fund balance through budgeting to provide services with relatively flat revenues to now seeing increased revenue from growth and solid growth in fund balance. The combined, multi-year efforts to institute financial austerity measures, reduce basic operating expenditures and defer capital purchases have greatly benefited the County. Again this year, the County will be in the fortunate position to be able to consider using some of its fund balance to make building repairs, replace equipment, and buy rolling stock without having to finance such projects and purchases.

#### **Significant Financial Policies**

The following policies had a significant impact on the current period financial statements:

- 1. Revenues were over budget by \$1,568,135.
- 2. Administrative Services costs were under budget \$69,373.
- 3. Sheriff Department costs were under budget \$122,996.
- 4. Interdepartmental costs were under budget \$88,948.
- 5. Post-employment benefits increased by \$904,543.

#### **Awards and Acknowledgments**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement in Financial Reporting to Jasper County, South Carolina for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2014. This was the 16<sup>th</sup> consecutive year that Jasper County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, the contents of which conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to certificate of achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the comprehensive annual financial report was made possible by the cooperation of the department heads and staff of the County. Each of these individuals has our sincere appreciation for the contributions made in the preparation of this report.

Sincerely,

Andrew P. Fulghum County Administrator

#### INDEPENDENT AUDITORS' REPORT

To the County Council Jasper County, South Carolina Ridgeland, South Carolina

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Jasper County, South Carolina as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Jasper County, South Carolina, as of June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 12-19 and 48-50 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Jasper County, South Carolina's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, combining statement of fiduciary assets and liabilities, and the schedule of court fines, assessments and surcharges used in the operation of the governmental fund schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, combining statement of fiduciary assets and liabilities, and the schedule of court fines, assessments and surcharges, used in the operation of the governmental fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, combining statement of fiduciary assets and liabilities, and the schedule of court fines, assessments and surcharges used in the operation of the governmental fund schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2014, on our consideration of Jasper County, South Carolina's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Jasper County, South Carolina's internal control over financial reporting and compliance.

#### **Jasper County, South Carolina**

#### **Management's Discussion and Analysis**

As management of Jasper County (the County), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1 to 6 of this report.

#### **Financial Highlights**

- The assets of the County exceed its liabilities at the close of the most recent fiscal year by \$21,112,442 (net position). Of this amount, \$6,010,817 (unrestricted net position) may be used to meet the County's ongoing obligations to citizens and creditors.
- The County's total net position increased by \$263,609.
- As of the close of the current fiscal year the County's governmental funds reported combined ending fund balance of \$13,442,628, an increase of \$1,654,836.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$7,889,634 or 37% of total fund expenditures.
- The County had \$19,860,097 in notes and leases outstanding versus \$20,069,715 last year.

#### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of Jasper County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in the net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the County that are supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the County include general government, finance, public works, sanitation, emergency services, codes and law enforcement, courts, economic development, health, education and welfare, and parks, recreation and tourism. The County currently has no business type activities.

The government-wide financial statements can be found on pages 20-21 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into these two categories: governmental funds and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governments for which similar information is presented for the governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains nine individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, debt service fund, economic development fund and the capital projects fund that are considered to be major funds. Data from the other five governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 22-25 of this report,

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. All of the fiduciary funds are agency funds — assets equal liabilities. The basic fiduciary fund financial statement can be found on page 26 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 27-47 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's budget.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 51-53 of this report.

#### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Jasper County, assets exceeded liabilities by \$21,112,442 at the close of the most recent fiscal year. The following table reflects the condensed governmental-wide statement of net position.

JASPER COUNTY, SOUTH CAROLINA NET POSITION 2014 2013 Current and Other Assets Cash and Other Assets \$ 16,896,290 15,301,083 Capital Assets 31,939,900 32,512,955 **Total Assets** 48,836,190 47,814,038 Long-term Liabilities Outstanding 24.887.106 24.277.178 Other Liabilities 2,836,642 2,688,033 Total Liabilities 27,723,748 26,965,211 Net Position Investment in Capital Assets, Net of Related Debt 12,769,520 13,182,845 Restricted 2.332.105 1,883,628 Unrestricted 6,010,817 5,782,354 **Total Net Position** 21,112,442 20,848,827

At the end of the current fiscal year, Jasper County is able to report positive balances in all categories of net position.

By far the largest portion of the County's net position \$12,769,520 (60%) reflects its investment in capital assets (e.g. land, construction in progress, building and improvements, machinery and equipment, vehicles, and infrastructure); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of net position of \$2,332,105 (11%) represents the balance of net position that has restricted resources and is not available to fund other commitments. The restricted net position relates to capital projects underway, debt service accounts, tourist related projects, and other revenue sources that are earmarked for specific County functions.

The balance of unrestricted net position, \$6,010,817 (29%), may be used to meet the County's ongoing obligations to citizens and creditors.

**Governmental activities.** The County's total net position increased by \$263,609 in 2014 compared to an increase of \$685,990 in 2013. Key elements of this increase are as shown in the following table.

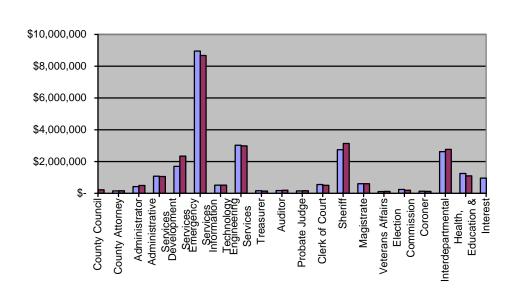

JASPER COUNTY, SOUTH CAROLINA CHANGE IN NET POSITION

|  | IANGE IN NET POSITION  Governmental Activities |            |      |             |  |

| Probate Judge  |  | 149,696    |      | 161,568     |  |
| Clerk of Courts  |  | 549,871    |      | 501,636     |  |
| Sheriff  |  | 2,739,914  |      | 3,137,831   |  |
| Magistrate   |  | 598,242    |      | 603,207     |  |
| Veterans Affairs   |  | 105,951    |      | 117,868     |  |
| Election Commission  |  | 237,012    |      | 189,724     |  |
| Coroner  |  | 133,309    |      | 122,938     |  |
| Interdepartmental  |  | 2,622,246  |      | 2,764,471   |  |
| Health, Education and Welfare                                |  | 1,242,661  |      | 1,094,773   |  |
| Interest Expense   |  | 957,203    |      | 850,242     |  |
| Total Expenses   |  | 25,759,595 |      | 26,315,810  |  |
| Change in net position                                       |  | 263,609    |      | 685,990     |  |
| Net position - beginning                                     |  | 20,848,833 |      | 21,796,694  |  |
| Prior Period Adjustment                                      |  | <u>-</u>   |      | (1,633,857) |  |
| Net position - ending  | \$   | 21,112,442 | \$   | 20,848,827  |  |

Total revenues were down \$978,596 and expenses were down \$556,215 most of which related to a decrease in operating and capital grants.

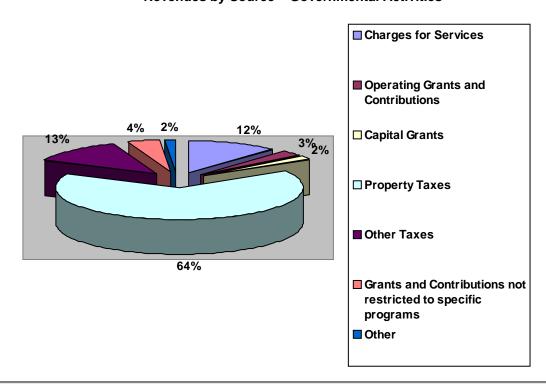

The prior period adjustment in 2013 was to write off bond issue costs.

**Expenses – Governmental Activities** 

#### Revenues by Source – Governmental Activities

#### Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Jasper County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$13,442,628, an increase of \$1,654,836 in comparison with an increase of \$1,589,334 in the prior year.

The fund balance of the County's General Fund increased by \$1,642,954 during the current fiscal year. Key factors of this increase are as follows:

- Overall County revenues were over budget by \$1,568,135. This positive variance can be explained as follows:
  - o Taxes were over budget \$1,265,947 despite a property tax decrease of 1 mill. This is attributable to a higher than expected assessed value.
- Overall expenditures were under budget by \$240,261. This positive variance can be explained as follows:
  - Employee turnover, retirements, and delays in filling County position created a positive variance on the salaries and benefits budgeted.

The capital projects fund has a total fund balance of \$342,905 which is committed for the renovation of the Health Department building, jail improvements, and vehicle replacement.

#### **General Fund Budgetary Highlights**

During the budget year, the County Administrator can exercise his authority to transfer budgets up to \$5,000 between departments as long as the total budget of the County remains intact. County Council has the authority to amend the budget as required. During the current fiscal year, County Council did not approve any supplemental budget increases or reductions. There were positive variances in both revenues and expenditures.

#### **Capital Assets and Debt Administration**

**Capital Assets.** The County's investment in capital assets for its governmental type activities as of June 30, 2014 amounts to \$31,939,900 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, machinery and equipment, vehicles, and infrastructure.

Major capital asset events during the current year include the following:

| Total Capital Outlay   | \$<br>608,896 |
|--|---------------|
| Infrastructure: Nimmer Turf Farm Road  | 150,815       |
| Construction In Progress: Health Department Architectural Services               | 32,535        |
| Land and Improvements: Cypress Ridge Land and Tarboro Walking Trail              | 67,113        |
| Equipment: Generators, Compactors, 911 Upgrade, Water Heater                     | 118,823       |
| Buildings and Improvements: Roof and Security Upgrade and Fire Tower Firestation | \$<br>239,610 |

Additional information on the County's capital assets can be found in note 4 on page 36 of this report.

**Long-term Obligations.** At the end of the current fiscal year, the County had total long-term obligations outstanding of \$25,883,504. The County's total long-term obligations increased by \$626,002 (2.5%) during the current fiscal year. The ban of \$1.245 million was refinanced through permanent financing for \$2.255 million. This additional amount allowed the County to pay \$600,000 towards the revenue bonds outstanding. All other long-term debt was paid as scheduled. Post employment benefits increased by \$904,543. Changes in outstanding debt are summarized below. See Note 6 page 38 for additional information.

| Bond anticipation notes        |                         | -          |    | 1,245,000  |  |  |  |
| Revenue bond                   |                         | 14,080,000 |    | 12,835,000 |  |  |  |
| Compensated absences           |                         | 806,455    |    | 875,375    |  |  |  |
| Other post employment benefits |                         | 5,216,955  |    | 4,312,412  |  |  |  |
| Sub-total                      |                         | 26,129,717 |    | 25,529,188 |  |  |  |
| Less deferred amounts          |                         | (246,210)  |    | (271,686)  |  |  |  |
| Total                          | \$                      | 25,883,507 | \$ | 25,257,502 |  |  |  |

State statutes limit the amount of general obligation debt a governmental entity may issue, without a referendum, to 8% of its total assessed valuation. The current debt limitation for the County is \$9,804,433. There is \$4,500,000 of general obligation debt issued on November 1, 2011 to offset this limit for a legal debt margin of \$5,304,433.

Additional information on the County's long-term debt can be found in note 6 on page 38 of this report.

#### **Economic Factors and Next Year's Budget**

- Unemployment as of June 2014 stands at 5.4% versus 8.1% a year ago. In comparison, the state's unemployment rate is 5.3% and the national rate is 6.1% as of June 2014.
- Inflationary trends in the region compare favorably to national indexes.
- The assessed valuation for the 2013 tax year increased from \$119,019,970 to \$122,555,407.

All of these factors were considered in preparing the County's budget for the 2014 fiscal year.

During the current fiscal year, unassigned fund balance in the general fund increased to \$7,889,634. The County set millage for the 2015 budget year at 142, which is the same as the previous year. Budgeted expenditures for 2015 are projected to decrease 0.6% to \$22,952,866 from \$21,712,201 in 2014. Also, the County has budgeted 12 mills for the debt service fund to retire the bonds.

#### **Requests for Information**

This financial report is designed to provide a general overview of Jasper County's finances for all those with as interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, Jasper County, P.O. Box 1149, Ridgeland, South Carolina, 29936.

# JASPER COUNTY, SOUTH CAROLINA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2014

The change in net position reported for governmental activities in the statement of activities is different because:

| Net change in fund balances total governmental funds | \$<br>1,654,836 |
|--|-----------------|
|  |                 |

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$608,896) was more than depreciation (\$1,181,951) in the current period.

(573,055)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. These amounts are as follows:

| Repayment of Principal                     | 4,440,094   |
|--|-------------|
| Issuance of Bonds                          | (4,229,626) |
| Amortization of Prepaid Insurance on Bonds | (6,333)     |

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

(179,080)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

| Other Post Employment Benefits            | (904,543) |
|---|-----------|
| Compensated Absences                      | 68,914    |
| Accrued Interest, Premiums, and Discounts | (7,598)   |

Total change in net position of governmental activities \$ 263,609

#### JASPER COUNTY, SOUTH CAROLINA STATEMENT OF NET POSITION FIDUCIARY FUNDS JUNE 30, 2014

| Total Liabilities | \$ 1   | 1,727,959     |

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Description of Government-Wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

#### Reporting Entity

Jasper County, South Carolina (the "County") is a political subdivision of the State of South Carolina, operating under the Council-Administrator form of government to provide services authorized by its charter. It is governed by an elected Board (the "Council"), which is governed by state statutes and regulations. In addition to the members of the Council, there are two elected Constitutional Officers: Treasurer and Auditor.

The accompanying financial statements present the combined financial positions and combined results of operations of the various fund types controlled by the Council and its Constitutional Officers.

The Council funds all of the operating budgets of the County's Constitutional Officers. The County Council acts as the governing body of the County with power to pass ordinances and adopt resolutions. The accompanying financial statements present the government and its component units, entities for which the government is considered financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government. The County is not reporting any component units as described above.

#### **Basis of Presentation – Government-Wide Financial Statements**

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Jasper County reports only governmental activities, as there are no business-type activities or component units.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category—governmental and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The economic development fund accounts for the resources accumulated and payments made for economic development of the County.

The *capital projects fund* accounts for the resources accumulated and payments made for specific major capital projects.

The *debt service fund* accounts for the resources accumulated and payments made for debt payments.

Additionally, the government reports the following fund types:

The *agency fund* is used to account for resources held by the County in a trustee capacity for the Jasper County schools and for amounts held by other departments for others.

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the presentation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. The County has no enterprise funds.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in the governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### **Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within the first 60 days of the end of the current fiscal period, except for grant reimbursements for which the availability period is 120 days. Expenditures generally are recorded when a liability is incurred as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of long-term debt and for acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). All other revenue items are considered to be measurable and available only when cash is received by the government.

The agency fund has no measurement focus but utilizes the accrual basis of accounting for reporting its assets and liabilities.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### **Budgetary Information**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. An annual budget for the special revenue fund is not adopted as sufficient budgetary control is achieved through restrictions included in the various grant agreements. An annual operating budget for the capital projects fund is not adopted as its revenues and expenditures are adopted on a project basis. All annual appropriations lapse at fiscal year-end.

The appropriated budget is prepared by fund, function, and department. The government's departmental heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of Council. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund level. The Council may make several supplemental budgetary appropriations throughout the year, however, there were no supplemental budgetary appropriations made in the general fund during the year.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executor) contracts for goods and services (i.e., purchase order, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at the end of the year, valid outstanding encumbrances (those for which performance under executor contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.

#### Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

#### Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The County is authorized by state statute to invest in the following:

Obligations of the United States, its agencies and instrumentalities;

Obligations of the State of South Carolina or any of its political subdivisions;

Savings and Loan Associations to the extent that the same are insured by an agency of the federal government;

Certificates of deposit and repurchase agreements provided the collateral is of the types described above and has a market value in excess of the certificate of deposit or repurchase agreement plus accrued interest, and is held by a third party as escrow agent or custodian;

Repurchase agreements when collateralized by securities of the type described above and held by a third party as escrow agent or custodian, of a market value not less than the amount of the repurchase agreement so collateralized, including interest;

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

No load open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or savings and loan association or other financial institution when acting as trustee or agent for a bond debt issue of the County if the particular portfolio of the investment company or investment trust in which the investment is made (1) is limited to obligations described above and (2) has among its objectives the attempt to maintain a constant net asset value of one dollar a share and to that end, values its assets by the amortized cost method.

A single central depository holds most operating cash. Each fund owns a pro-rata interest in the cash held by the depository. Interest income is allocated to the creditor funds based on average cash balances. Investments are stated at fair value.

#### Inventories

Inventories of the general fund consist of supplies held for consumption and are immaterial to the financial statements and accordingly are not recorded.

#### Capital Assets

Capital assets, which include property and equipment and infrastructure assets (e.g. roads, lighting, and similar items), are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the government as property and equipment with an initial, individual cost of more than \$5,000 and infrastructure assets with an initial, individual cost of more than \$100,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives:

| Assets                 | Years    |
|------------------------|----------|
| Buildings              | 50       |
| Infrastructure         | 20 to 50 |
| Vehicles and Equipment | 5 to 20  |

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The County has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### **Net Position Flow Assumption**

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

#### Fund Balance Flow Assumptions

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### **Fund Balance Policies**

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The County itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The governing council has by resolution authorized the administrator to assign fund balance. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

#### Revenues and Expenditures/Expenses

#### **Property Taxes**

The County Ordinance provides for the taxation of all real and personal property located within the County limits on the first day of January. Motor vehicle taxes are billed and collected by the County Treasurer on a monthly basis. Other personal and real property taxes are levied by the County in October of each year and become due and payable immediately upon receipt by the taxpayer. Real property taxes are delinquent after January 15<sup>th</sup> with penalties assessed of 3% if paid after January 15<sup>th</sup>, 10% if paid after January 31<sup>st</sup>, and 15% if paid after March 15<sup>th</sup>. Assessed property is subject to lien one year from the levy date if taxes remain unpaid. The property tax rate approved by ordinance for fiscal year 2014 is 143 mills with an additional 12 mills for the County debt service fund.

#### Compensated Absences

<u>Vacation</u> - The County's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment upon separation from government service. The liability for such leave is reported as incurred in the government-wide financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee's resignation or retirement. The liability for compensated absences includes salary-related benefits, where applicable.

<u>Sick Leave</u> - Accumulated sick leave lapses when employees leave the employment of the County and, upon separation from service, no monetary obligation exists.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### **NOTE 2 DEPOSITS AND INVESTMENTS**

As of June 30, 2014, the County had the following cash and investments that are included in governmental funds of \$10,664,633 and the agency fund cash of \$11,727,959.

|                            | Maturity          | Book<br>Balance |            | ı       | Bank<br>Balance |

<sup>\*</sup> Account is swept daily. \$120,000 is ordinarily left in account and excess is placed in government securities under a repurchase agreement. Balance of repurchase agreement at June 30, 2014 is \$315,261.

<u>Credit Risk</u> – The County does not have an investment policy but follows state guidelines for investments. The investments of the County include a repurchase agreement invested in government treasury obligations and construction funds invested in short-term government securities, which mature daily.

<u>Interest Rate Risk</u> – The County does not have an investment policy. Maturities on repurchase agreements are from 1 to 5 days. Maturities on certificate of deposits are 12 months or less. U.S. Government securities are highly liquid treasury notes.

<u>Custodial Credit Risk</u> – Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. As of June 30, 2014, the bank balance was \$22,534,899 and \$1,710,013 of that amount was exposed to custodial credit risk as uninsured and uncollateralized while the balance of \$20,824,886 was exposed to custodial credit risk as uninsured and collateralized with securities held by the bank's agent, but not in the County's name.

#### **NOTE 3 RECEIVABLES**

Receivables at June 30, 2014, including the applicable allowances for uncollectible accounts, are as follows for the fund and government-wide financial statements.

| <b>~</b> I     |
|----------------|
| tal            |
| 89,300         |
| 76,953         |
| 84,659         |
| 3,616          |
| 54,528         |
| 85,236)        |
| 69,292         |
| 78<br>78<br>58 |

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Government funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred inflows of resources and unearned revenue reported in the government funds were as follows:

|   | Unavailable |         | <br>Unearned  |
|---|-------------|---------|---------------|
| Grant drawdowns prior to meeting all eligibility requirements | \$ -        |         | \$<br>7,523   |
| Special purpose drawdown not yet spent                        |             | -       | 229,564       |
| Property taxes not collected within 60 Days                   |             | 965,958 | <br><u>-</u>  |
| Total   | \$ 965,958  |         | \$<br>237,087 |

#### **Notes Receivable**

The County has a note receivable from a local manufacturer for \$400,000. The terms of the note call for forty quarterly payments of \$11,895 including interest at 3.5% beginning September 2008. The balance at June 30, 2014 is \$197,307.

#### Receivables

The County entered into an agreement with the Lowcountry Council of Governments (LCOG) to borrow \$900,000 on behalf of LCOG. LCOG leased their facilities to the County who in turn leased it back to LCOG for an amount equal to the payments on the bank loan. The balance of the lease at June 30, 2014 is \$689,717. The amortization of lease receivable is as follows:

| Fiscal Year Ending June 30, | P  | Principal Intere |    | nterest | <br>Total     |
|-----------------------------|----|------------------|----|---------|---------------|
| 2015                        | \$ | 52,330           | \$ | 31,899  | \$<br>84,229  |
| 2016                        |    | 54,983           |    | 29,336  | 84,319        |
| 2017                        |    | 57,581           |    | 26,648  | 84,229        |
| 2018                        |    | 60,400           |    | 23,829  | 84,229        |
| 2019                        |    | 63,358           |    | 20,871  | 84,229        |
| 2020-2024                   |    | 366,476          |    | 54,669  | 421,145       |
| 2025-2026                   |    | 34,589           |    | 416     | <br>35,005    |

| Interdepartmental                                    | 547,251         |
| Total depreciation expense - governmental activities | \$<br>1,181,951 |

#### NOTE 5 INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2014 is as follows:

#### **Due To/From Other Funds**

| Receivable Fund      | Payable Fund                | Amount     |
|----------------------|-----------------------------|------------|
| Economic Development | Nonmajor Governmental Funds | \$ 320,821 |
|                      |                             | \$ 320,821 |

The \$320,821 due to the economic fund from the nonmajor governmental funds represents shortfalls of cash in the nonmajor governmental funds that occurred while waiting for grant reimbursements.

#### Interfund Transfers

Interfund balances must generally be eliminated in the government-wide financial statements, except for the net residual amounts due between governmental activities. Amounts involving fiduciary funds should be reported as external transactions. Any allocations must reduce the expense of the function from which the expenses are being allocated, so that expenses are reported only once – in the function in which they are allocated. No amounts were reported in the government-wide financial statements, as the amount did not involve transfers of financial resources.

|  | Tr | ansfers In | Transfers Out |         |  |
|--|----|------------|---------------|---------|--|
| General Fund / Nonmajor E-911<br>Reimburse E-911 expenses                      | \$ | 115,000    | \$            | 115,000 |  |
| Debt Service Fund/Capital Projects Fund<br>From bond proceeds for debt reserve |    | 174,411    |               | 174,411 |  |
| General Fund/ Economic Development Fund<br>For payment on SC Economic Alliance |    | 77,399     |               | 77,399  |  |
| Nonmajor Sate A-Tax / General Fund<br>State A-Tax receipts                     |    | 72,741     |               | 72,741  |  |
| Total Transfers In and Out   | \$ | 439,551    | \$            | 439,551 |  |

#### **NOTE 6 LONG-TERM OBLIGATIONS**

The following is a summary of changes in long-term obligations for the year ended June 30, 2014.

| Governmental Activities        | June 30,<br>2013 | Increases    | Decreases    | June 30,<br>2014 | Due Within<br>A Year |

| Total                             | \$<br>771,236 |

#### **Debt Service Fund**

A Debt Service Fund has been established to collect millage for the payments on the bonds. At June 30, 2014 there was \$354,411 in debt service reserve accounts. Also, \$412,949 is on hand toward the interest and principal on the bonds. The current budget for 2014-2015 includes 12 mills for the payment of debt service.

#### **Commitments Under Noncapitalized Leases**

The County has operating leases on two garbage trucks. Lease payments are \$2,550 per month plus \$0.074 per mile on each truck.

#### **Compensated Absences**

Unused vacation leave liabilities are reported in the applicable governmental type activities columns in the government-wide financial statements. The County enacted a new policy regarding compensated vacation days in 1993. At that time, all unused vacation hours were "banked." Each employee is to receive appropriate vacation hours based on tenure at the beginning of the year. The only hours the employees will be allowed to carry over each calendar year are the "banked" hours until they are used up. No accumulation of paid days off will be allowed in the future. The County has no financial liability for its unused sick leave. Compensated absences are paid from the general fund. The accrued compensated absences at June 30, 2014 are \$806,455 and include 17% for employee benefits and are included in long-term liabilities.

#### **Other Post Employment Benefits**

Plan Description – County employees who participate in the County's health insurance plan and who retire from County service in accordance with the South Carolina Retirement System may have their health insurance continued. The plan is a single-employer plan that covers the current and former employees, including beneficiaries, of only one employer.

Service Retirees and employees enrolled in the health plan on or before July 20, 2008, who (1) have participated in the County's health insurance plan for ten (10) or more consecutive years; and (2) have met the retirement age; and (3) at the time of retirement are active County employees, will have their health insurance premiums paid by the County. Employees enrolled in the health plan on or after July 21, 2008, and enrolled in the South Carolina Retirement System, at the time of retirement must be employed for twenty-eight (28) years and meet the second and third criteria to qualify for paid health insurance premiums after retirement. Employees enrolled in the health plan on or after July 21, 2008, and enrolled in the Police Officers Retirement System at the time of retirement must be

#### NOTE 6 LONG-TERM OBLIGATIONS - CONTINUED

employed for twenty-five (25) years and meet the second and third criteria to qualify for paid health insurance premiums after retirement.

Funding policy – The contribution requirements of plan members and the County are established and may be amended by the County Council. The required contribution is based on projected pay-asyou-go financing requirements, with an additional amount to prefund benefits as determined annually by the County Council. For fiscal year ended June 30, 2014, the County contributed \$276,727 to the plan, including \$276,727 for current premiums while no prefunding contributions were made. The premiums are paid from the County general fund.

Annual OPEB Cost and Net OPEB Obligation - The County's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation:

| Annual required contribution          | \$<br>1,095,022 |
|---------------------------------------|-----------------|
| Interest on net OPEB obligation       | 194,058         |
| Adjustment to ARC                     | <br>(107,810)   |
| Annual OPEB cost (expense)            | 1,181,270       |
| Contributions made                    | <br>(276,727)   |
| Increase in net OPEB obligation       | 904,543         |
| Net OPEB obligation-beginning of year | <br>4,312,412   |
| Net OPEB obligation-end of year       | \$<br>5,216,955 |

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2014 and the three preceding years were as follows:

| Fiscal |                       |           | Percentage of           | Net             |
|--------|-----------------------|-----------|-------------------------|-----------------|
| Year   |                       | Annual    | <b>Annual OPEB</b>      | OPEB            |
| Ended  | OPEB Cost Contributed |           | <b>Cost Contributed</b> | <br>Obligation  |
| 2012   | \$                    | 1,063,381 | 23.5%                   | \$<br>3,420,180 |
| 2013   | \$                    | 1,163,426 | 23.3%                   | \$<br>4,312,412 |
| 2014   | \$                    | 1,181,270 | 22.6%                   | \$<br>5,216,955 |

Funded Status and Funding Progress - As of June 30, 2014, the most recent actuarial valuation date, the plan was unfunded. The actuarial accrued liability for benefits was \$10,314,324, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$10,314,324.

The covered payroll (annual payroll of active employees covered by the plan) was \$8,939,683, and the ratio of the UAAL to the covered payroll was 0%.

#### NOTE 6 LONG-TERM OBLIGATIONS - CONTINUED

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The occurrences that must be considered include employee turnover, pay increases, disablement, retirement, deaths, and investment income on anticipated plan assets. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented below, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions-Projections of benefits for financial reporting purposes are based on the substantive plan (the plan understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2012 actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 4.5% investment rate of return, which is a blended rate of the expected long-term investment return on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 9.5% initially, reduced by decrements to an ultimate rate of 4.5% after ten years. Both rates included a 3.0% inflation assumption. The actuarial value of assets is set equal to the reported market value of assets. The assets are allocated among the divisions based on liabilities value at 4.5%. The UAAL is being amortized on an open basis as a level percentage of projected payroll (assumed to increase at 3%) required to fully amortize the UAAL over a thirty year period.

#### **NOTE 8 RETIREMENT PLAN**

Plan Description - All permanent employees of the County, except for certain employees involved in law enforcement and fire fighting activities, participate in the South Carolina Retirement System (SCRS). The employees excluded above participate in the South Carolina Police Officers' Retirement System (SCPORS). Both systems are cost sharing multiple-employer defined benefit plans administered by the Retirement Division of the State Budget and Control Board. The SCRS and the SCPORS provide retirement and disability benefits, cost of living adjustments on an ad-hoc basis, life insurance, and survivor benefits to plan members and beneficiaries. Each plan's provisions are established under Title 9 of the S.C. Code of Laws. A Comprehensive Annual Financial Report containing financial statements and required supplementary information for both the SCRS and SCPORS is issued and publicly available on the internet at <a href="www.retirement.sc.gov">www.retirement.sc.gov</a>, or by writing the South Carolina Retirement System, P.O. Box 11960, Columbia, SC 29211-1960

#### **Funding Policy**

South Carolina Retirement System (SCRS)

The County is required to contribute 10.6% which includes 0.15% towards group life insurance. The County's contributions for the years ending June 30, 2014, 2013, and 2012 were \$410,646, \$405,811, and \$374,148, respectively, and were equal to the required contributions for each year.

Police Officers Retirement System (PORS)

The County is required to contribute 11.13% which includes 0.40% towards group life insurance and survivor and disability benefits. The County's contributions for the years ending June 30, 2014, 2013, and 2012 were \$646,138, \$633,988, and \$569,616 respectively, for SCPORS members and were equal to the required contributions for each year.

#### **NOTE 9 EMPLOYEE BENEFIT PLANS**

#### 401(K) Plan

Jasper County currently offers all full-time employees the option of participating in a 401(K) plan. The South Carolina Retirement System administers the plan. Under the terms of the plan employees may contribute a minimum of two percent and a maximum of twenty percent of adjusted gross income subject to the limits of Section 401(K) of the Internal Revenue Code. It is the opinion of the County's legal counsel that the government has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. Therefore, the assets and liabilities of the 401(K) plan are not reflected in the County's financial statements.

#### **NOTE 10 LANDFILL**

The County-owned landfill has not accepted solid waste for many years and has no liability for post closure costs. All amounts included in these statements for landfill cost are related to costs of disposing of solid waste at an independent landfill.

#### NOTE 11 SUMMARY DISCLOSURE OF SIGNIFICANT COMMITMENTS AND CONTINGENCIES

The County has several lawsuits against it. Most of this litigation is covered by insurance or settled through subsequent agreements.

The County is a member of the South Carolina Counties Workers' Compensation Trust which is a group that provides workers' compensation self-insurance. Under the terms of the agreement, the members of the trust must pay all of the costs pertaining to claims and administration. Amounts are reflected in workers compensation expenditures.

Pursuant to Section 4-1-175 and 4-29-68 of the South Carolina Code of Laws, the County entered into an agreement with a developer whereby the County issued a \$7,000,000 bond in 2001 and a \$6,000,000 bond in 2003 to further economic development within the County. The County Treasurer pays the developer 40% of the fee-in-lieu tax received from the businesses in the park. The County has no financial liability beyond this amount. At June 30, 2014, \$6,250,000 and \$5,300,000 were outstanding.

The Jasper County, South Carolina Special Source Revenue Bond Notes, Series 2005 (Jasper County School Project) special source revenue bonds in the amount of \$11,540,000 were issued to help with the construction of Jasper County Schools. The bonds are to be repaid with the school portion of a fee-in-lieu tax. The County has no liability for repayment of the debt. At June 30, 2014, \$6,045,000 was outstanding.

The County has committed to renovate the Health Department building. The estimated cost is \$450,000. A CDBG grant of \$450,000 has been approved for the project.

The County has a \$350,000 grant from the Rural Infrastructure Fund for the construction of a spec building in the Cypress Ridge Industrial Park. The County will pursue other financing arrangements for the balance of the costs to construct the building.

#### NOTE 12 RISK MANAGEMENT

The County is exposed to various types of risk of loss and maintains elements of both self-insurance and purchased insurance policies divided into coverage of worker's compensation, property and casualty, and employee health insurance. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. The insurers promise to pay to or on behalf of the insured for covered economic losses sustained during the policy period in accordance with insurance policy and benefit program limits. There have not been any reductions in insurance coverage from the prior year. The amounts of settlements have not exceeded coverage in each of the past three fiscal years. The County has recorded insurance premium expenditures in the applicable functional expenditure categories of the General Fund. These expenditures do not include estimated claim losses and estimable premium adjustments. In management's opinion, supplemental premium assessments, if any, would not be significant enough to have a material adverse effect on the financial position of the County. The State of South Carolina assumes substantially all risks for the following:

Property and casualty insurance on buildings, equipment, and vehicles owned by the County as well as tort liability on County employees (South Carolina Insurance Reserve Fund).

The County participates in the South Carolina Municipal Association Workers' Compensation Pool, a public entity risk pool for its Workers Compensation coverage. Pool members are subject to a supplemental assessment in the event of deficiencies.

#### **NOTE 13 PROPERTY HELD FOR RESALE**

|                                  | <del>-</del> ,, |

The long-term debt includes \$689,717 in bank loans payable that offsets the lease receivable from LCOG and is not included in debt on capital assets.

#### **NOTE 15 SUBSEQUENT EVENT**

In June 2012, the GASB issued Statement No. 68, Accounting and Financial Reporting for Pensions, effective for the fiscal year beginning July 1, 2014. This Statement revises existing standards for measuring and reporting pension liabilities for pension plans provided to its employees. This Statement requires recognition of a liability equal to the net pension liability, which is measured as the total pension liability, less the amount of the pension plan's fiduciary net position. This Statement requires that most changes in the net pension liability be included in pension expense in the period of the change. To the extent practical, the financial statements presented for the periods affected should be restated. The County will be implementing GASB Statement No. 68 for the fiscal year ending June 30, 2015 and the beginning net position of the year ended June 30, 2014 will be restated. As of June 30, 2014, the South Carolina Public Employee Benefit Authority (PEBA) has estimated a net pension liability of \$15.4 million obligation that comprises \$7.4 million for SCRS and \$8 million for PORS, representing unfunded contributions to the South Carolina Retirement System's based on current funding policy that will be reported as a liability in the financial statements.

#### **NOTES TO REQUIRED SUPPLEMENTARY INFORMATION:**

The basis of budgeting is the same as generally accepted accounting principles. The County adopts annual budgets for the General Fund using the modified accrual basis. An annual budget for the Special Revenue Fund is not adopted as sufficient budgetary control is achieved through restrictions included in the various grant agreements. An annual operating budget for the Capital Projects Fund is not adopted as its revenues and expenditures are adopted on a project basis. Appropriations lapse at the end of the budget year.

### SUPPLEMENTARY INFORMATION

#### NONMAJOR GOVERNMENTAL FUNDS

#### **Special Revenue Funds**

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Accommodations Tax Fund This fund is used to account for the County's share

of accommodation taxes that are legally restricted for expenditures that promote parks, recreation and

tourism within the County.

Waste Tire Fund This fund is used to account for the revenues

received from the state for the removal of waste

tires.

Sheriff Fund This fund is used to account for the funds the sheriff

derives from search and seizure.

E911 Fund This fund is used to account for the

telecommunications carrier fees that are restricted for expenditures related to emergency dispatch

services.

Grants This fund is used to account for grant funds that are

restricted to specific purposes.

<sup>(</sup>a) The County began the hiring of additional jailers to staff the new detention center.

N/A After a management study, the County reorganized the functional areas and information prior to year 2002 would not be comparable.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Council Jasper County, South Carolina Ridgeland, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Jasper County, South Carolina, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Jasper County, South Carolina's basic financial statements and have issued our report thereon dated December 5, 2014.

#### Internal Control Over Financial Reporting

In planning and performing our audits of the financial statements, we considered Jasper County, South Carolina's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Jasper County, South Carolina's internal control. Accordingly, we do not express an opinion on the effectiveness of Jasper County, South Carolina's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses or a significant deficiency. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Jasper County, South Carolina's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
